SUMMARY

Frontend Engineer with 3 years building React web apps — responsive layouts, TypeScript, Redux Toolkit, and Next.js. Delivered Consumer Portal and Support Portal at Carrier; shipped ExecLens and Sprint Poker. Focused on SEO, performance, 90% test coverage, and maintainable UI (Tailwind, MUI).

TECHNICAL SKILLS

Frontend: React, TypeScript, JavaScript, Redux Toolkit, RTK Query, Next.js, HTML, CSS

UI: shadcn/ui, CodeMirror, Tailwind CSS, Material UI, React Native Web

Tools: Vite, Webpack, Nx, pnpm, Git, Jira, CircleCI | Testing: Jest, React Testing Library

Concepts: Responsive Design, SEO, Deep Linking, Performance, i18n

Backend (Working Knowledge): Node.js, Firebase Auth, MongoDB, Redis

EXPERIENCE

Software Engineer • Carrier Global Technologies — Apr 2023 – Present | Hyderabad, India

Consumer Portal Web (React Native Web)

- Bootstrapped web app with React Native Web, Tailwind, Webpack, and Vite.
- Implemented deep linking and SEO optimisations; optimised bundle size and lazy loading.
- Increased test coverage to 90% with Jest and React Testing Library.

Live: my.carrier.com

Carrier Support Portal — Full Stack Web App

- Built a React 18 app with TypeScript, Redux Toolkit, Firebase Auth, and RTK Query.
- Designed responsive UI with MUI and Tailwind; real-time tracking via geolocation.
- Integrated MongoDB geo queries, Redis, BullMQ, and i18n.

PERSONAL PROJECTS

ExecLens — JavaScript Execution Visualizer

- Step-by-step visualizer for event loop, call stack, async/await; CodeMirror 6 + shadcn/ui.

Code: github.com/Nvinod007/exec-lens

Sprint Poker — Real-Time Agile Planning Tool

- No-login planning poker with Supabase Realtime (Next.js, React, TypeScript).

Code: github.com/Nvinod007/sprint-poker

DrawnGuess — Multiplayer Pictionary (In Progress)

- Lobby live (create/join rooms); building socket-based drawing and scoring gameplay.

Code: github.com/Nvinod007/drawnguess

EDUCATION

B.Tech — Computer Science & Engineering, RGUKT IIIT RKV | CGPA: 8.4 | May 2023
